## Research training

Tehkeek International is intended to train willing students who want to keep themselves busy in the research field. The training will be related to research and publication in impactful journals. The students will have to attend the lab on a needful basis and will be carrying out various fieldwork from time to time. The students/scholars who are sitting back home but dreamful of research/publications should register by the given link or send mail to [tehkeekinternational@gmail.com](mailto:tehkeekinternational@gmail.com)

### **Eligibility:**

The applicants should be pursuing or holding a master's degree or above in the following:

- 1) *Earth Sciences*
- 2) *Soil Sciences*
- 3) *Physics/Geophysics*
- 4) *Machine Learning and Artificial Intelligence*
- 5) *Information Technology*
- 6) *Geoinformatics/Remote sensing/Hyperspectral Remote Sensing*
- 7) *Civil Engineering*
- 8) *Hydrology/Water resources/Limnology*
- 9) *Bioinformatics/Plant sciences/Botany*
- 10) *Tourism/Management*
- 11) *Computer Sciences*
- 12) *Sociology/Education/Other Social Sciences*

**Responsibilities:** Attend lectures, Literature Review, Data Analysis, Fieldwork, Reading, and writing research papers

**Benefits:** The selected candidates will get ample opportunities to explore themselves in education and research vis a vis social interaction. There are ample opportunities that an applicant can publish a research paper, however, the same depends on the performance of the applicant. Further, the selected applicants will be given a platform where they can gain exposure, motivation, and an opportunistic environment.

**Duration:** The duration of the training period is 3 months and is extendable based on the performance or completion of a research paper.

**Selection & Registration process:** The applicant will be selected based on the conversation with the academic section of Tehkeek International. The registration fee is 1500 INR if the applicant is selected for this research training program. Further, there is no registration fee for financially weak candidates, however, they should fulfill the requirements. The students should fill out their applications via the given Google link or mail their application with the tile "Research Training" to [tehkeekinternational@gmail.com](mailto:tehkeekinternational@gmail.com)
